PROFESSIONAL EXPERIENCE

FLUTTER DEVELOPER

Sheegr Seafoods and Logistics / June 2023 - Present
An skilled Flutter developer at a dynamic product-based company. I contribute to building cross-platform mobile apps, ensuring seamless user experiences and continuously innovating to deliver high-quality products.

SOFTWARE DEVELOPER INTERN

TechieAid / September 2022 - May 2023
Experienced in hands-on Flutter development, I assisted in building cross-platform mobile applications, collaborating with teams to implement features and troubleshoot bugs. I contributed to UI/UX implementation, received feedback during code reviews, and optimized app performance. My exposure to Agile methodologies and continuous learning allowed me to work collaboratively, benefiting from experienced developers' guidance. Through documentation and version control, I ensured code quality and seamless project deployment, constantly striving to stay updated on the latest Flutter trends and best practices.

WEB DEVELOPER

Exposys Data Labs / August 2021 - September 2021
Experienced web developer adept at creating responsive websites using HTML and basic CSS. Designed and developed an 8-page website, ensuring seamless user experience across devices. Proficient in optimizing code and adhering to web standards for efficient and visually appealing interfaces. Strong attention to detail and commitment to delivering high-quality web solutions.
